REPORT OF SELECTMEN ON FLOOD & HURRICANE

The Selectmen wish the citizens of Bennington to know the following facts.

The Flood and Hurricane hit the town of Bennington rather hard as you all know, and the Selectmen want the citizens of Bennington to know what we did about it.

We secured a W.P.A. project from the Government and had to pay a certain percent of the total cost of the same.

We got from the State our T.R.A. appropriation to use on W.P.A. which amounted to about $700. In addition to this we spent about $2000 of town funds. $776 of this was expended by Road Agent.

Our W.P.A. project from the Government was necessary to remove the trees from and make our roads passable. Due to the fact that not enough men were available to work on W.P.A., and the unexpected termination of W.P.A. funds for uncertified men, only about one-half of the proposed work was done on the highways.

About $2400 of Federal money was expended however in Bennington.

As you will notice by this report on our asset sheet, our decrease of debt is $1,951.13 Our proposed decrease by our budget, as of March 8, 1938, was $2,000. So you will see that we have over-run our budget by only $48.87 with all this unforeseen damage to town property.

We feel that as it has cost the tax payers no extra tax for this work done so far, that we shall ask the taxpayers for a sum sufficient to complete this work, or reimburse the town for money expended or both.

Flood and Hurricane money was expended as follows:

TOWN HALL—Replacing 2 chimneys, 400 slate. WATERWORKS—Replacing main pipe across river. Payroll, Fire Company, Police. W.P.A.—Gravel, tools, Labor and Trucks. TOWN HIGHWAYS—Cutting Trees, Filling Washouts.

Signed,

HARRY W. BROWN
ARTHUR J. PIERCE
GEORGE E. SPAULDING
Selectmen of Bennington

FIRE WARDENS' REPORT

Engine No. 1

The Company has for equipment—Engine No. 1 with 20 men and officers, 500 gallon McCann pumper with a 150 gallon booster tank; 1000 feet of 2½ inch hose, 150 feet 1-inch booster hose, 1 hand chemical, 1 foam type chemical, extension ladder, roof ladder and shovels; 2 5-gallon hand water tanks with pump; one $15 smoke mask, 1 first-aid kit.

Owing to rust under chassis, it had to be scraped and painted at a cost of $12 paid by the Town. Guage and booster line repaired by firemen. Engine and Pump should be checked by the McCann people.

Engine No. 2

One model B Ford truck bought and rebuilt by firemen in 1935, by dance money, equipped with ladders, 5 hand chemicals, shovels, 125-gallon booster tank, 500 feet ½-inch hose, 75 gallon pump bought by town; 6 5-gallon water tanks with hand pumps for grass and house fires.

Summary

The Firemen gave another Ball this year, 1938, and spent $73.00 of the proceeds on Engine No. 2. They purchased 1 flood light, 2 hose lights, 2 smoke masks and 2 First Aid kits.

We have had five practices this year, 2 with Antrim one at Pierce Hill, and the other at the Grange hall at Antrim. We have had great success with Antrim and Bennington pumps hooked together and have gotten water where we could not have gotten it alone. We pumped water from the depot to Pierce Farm through 2800 feet of hose with a pressure of 50 lbs at tip with plenty of water. There are quite a few places in town where we need Antrim's help.

At the time of the flood we were officially called to notify all people on the Acre to evacuate as the dam had gone at Peterboro and East Jaffrey. One truck was stationed on the Hancock side of the river with 4 men and the other truck was stationed this side with 6 men until danger was over.

Fires

Engine No. 1 was called to Hancock to the Haas fire. We have had 9 chimney fires, and 5 building or house fires.

Fire Signals

In case of fire call 16-13 or 16-12. The box in front of drug store and box in front of town hall—open door, pull hook way down once, let go. The blasts are—12 or 6 calls for fire—2 blasts at 12.45 P.M., test Saturday, 1 blast to shut off water, 1 blast 6.45 P.M., First Monday for Fire Meeting; 2 blasts at 8.00 A.M. no school.

Fire Company

The Fire Company consists of 27 men, 3 Fire Wards, and 1 Advisor. Six of these men are drivers and are on call for chimney fires. These men are: Arthur Sawyer, Robert Powers, Clarence Edmunds, Clayton Ashford, John Bryer, Edward French.

Suggestions

The Fire Wards would recommend that the Town purchase 500 feet of 2½-inch hose and 100 feet 1½-inch hose this year.

FRED S. SHELDON, Chief
LAWRENCE J. PARKER
Asst. Chief
GEORGE T. McKAY,
Asst. Chief

If the Person or Persons having Hand Chemicals belonging to the Town, will bring them to the Fire Station we will REFILL or EXCHANGE with them, so as to know that they are all O. K.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of the Bennington School District:

Herewith I submit my fourth annual school report for your consideration.

School Organization

School Board: Mrs. Doris Parker, chairman; Mrs. Martha Weston, Mr. Philip Knowles.

Supt. of Schools: Vincent Gatto, Ed.M., Hillsboro, N. H.

Teacher	Grades	N. H. Approval
Mae Cashion	1-2-3	Certificate
Lulu M. Cilley	4-5-6	Certificate
Vincena Drago	7-8-9-10	Certificate
Harold Norton	7-8-9-10	Certificate

The following pupils maintained perfect attendance for the school year 1937-1938. We hereby award an honorable mention to the children and their parents.

Miss Cashion's room: Nada Rollins.

Miss Cilley's room: Verna Lowe; Marion Lowe; Velma Smith.

Many others had perfect attendance for one or more periods but not for the four periods which make up the entire year.

The following pupils received promotion certificates from the eighth grade to the high school:

Andrew Bavelas; George E. Cole; Bertha Mary Diemond; Norman W. Edmunds; Edwina H. McKay; Evelyn A. Rollins; Leonard R. Sargent; Mae H. Sheldon.

The following pupils received diplomas from the 10th grade which marks the end of the high school course in Bennington:

Mae Ellen Chamberlain; Arthur Thomas Diemond; Lawrence H. Parker; Willard A. Perry; John R. Warren.

General Discussion

No cases of perfect attendance were reported for grades seven, eight, nine, ten. Punctuality is a good, old fashioned virtue which has stood the test of time.

Our present enrollment in the grades is ninety. There are fourteen pupils in the two years of high school. Four pupils attend high school at Peterboro, and four at Hillsboro. All of which makes our total school population one hundred twelve.

During the fall and winter terms we have carried on a thorough testing program among all the grades. The tests which we have given measure the pupils' ability to do school work and the amount actually achieved. We state not as a matter of opinion but as an actual fact that the schools in Bennington are functioning satisfactorily.

A small high school such as we have in the small town of Bennington cannot offer the number of elective courses which our larger neighboring towns are in a position to offer. However no one really knows just what types of information and skills our present high school children will need when they take their places in society as productive citizens. The subjects taught do not matter as much as does the fact of whether or not high school children acquire the habit of hard work, and learn to think intelligently. If these habits are acquired, our children will be able to cope with life's problems as the problems arise.

Last June some changes were made in the type of

closing exercises which our schools used to present before the public. The pupils from the eighth grade received certificates of promotion to the high school, and those of the tenth grade received diplomas from the Bennington two-year high school.

Worthwhile extra curricular activities such as basket ball, baseball, public speaking, music, suitable Christmas exercises and patriotic holidays, and assemblies have helped to keep the young people interested.

The teachers work hard and cheerfully. The superintendent keeps in touch with the schools with his frequent visits and attendance at board meetings. The School Board are doing their best to provide elementary and secondary education for the children of the community within the limits set by the state and the school district.

Respectfully submitted,

VINCENT GATTO
Supt. of Schools.

Treatments in school	6

Cod Liver Oil was served in school to many during the winter months.

I thank the school officials, teachers, dentist, Bennington Branch Am. Red Cross and all for their support and co-operation in promoting the health work.

Respectfully submitted,

MARGARET E. HARRIS, R.N.
